

23rd January 2016 SC Novartis against HC Therwil

We came, we played, and managed to win!

Saturday 23rd of January 2016 we played HC Therwil. The score ended 14- 11 in favor of Novartis after a close match. The win was a team effort by everyone that played, but Diana and Silvia did a fantastic job keeping us in the lead even with numerous of penalty shots! The top scoring player was Nadja with 4 goals! We were at times a bit too eager shooting before we got the speed up by pushing and creating openings. Our opponent for the majority of the time would only shoot when breaking through our defense and not from a distance. It therefore worked very well to play flat and working two and two together closing any gaps. I believe we are better than the end result, but our excitement got the better of us, but it was still a great match and we WON! It is an honor to play with such a great team, both in spirit and talent!

Players: Sabine, Rolin, Sarah, Theresa, Bea, Nadja, Nicole, Andrea, Agnes, Solveig.

Keeper: Diana & Silvia.

Thank you to Moni and everyone that came to support us during the game and last but not least to our super coach Stefan that keeps us on track, motivates and make sure we succeed!

Solveig
